ALDI Fresh Migration – Fuji Apple

Key Number: [ALN2953/2/15](#)

We hear the click of a vintage tape machine, the hiss and crackle of a tape.

We hear a series of low lengthy croaks being played.

VO: That is the wail of the Fuji Apple.

They migrate to ALDI, where fresh Aussie meat, fruit and veg can be found, at ALDI prices.

That's Good Different.
