FVO: Here Boy... (*SFX tapping tin*)

Dog: Aww not this again.

FVO: What do you mean?

Dog: Well it's just slop... it's like... dog food.

FVO: But... you are a dog.

Dog: Yeah well you don't have to be so hurtful.... It's like you don't care!

FVO: But I do...

Dog: Prove it... get us some of that Bucket O' Beef...it's made from fresh Australian ingredients... and it has all the essential vitamins and minerals a dog needs.

FVO: How do you know all this?

Dog: Bitch next door told me.

FVO: Eww this is gross.

Dog: It's that tinned stuff you've been feeding me.

FVO: Looks like ... garden hose...

Dog: Could be that too.

FVO: You know Greg's dog doesn't make this sort of mess.

Dog: (mimicking) Greg's dog doesn't make this sort of mess!

(Back at her) Well maybe Greg feeds his Dog Bucket O' Beef... It's got all that fresh stuff in it that's good for a dog's digestive system... healthy... in every way!

FVO: Alright! Will you go easy on the garden hose then?

Dog: Can't promise anything.
