<b>DESCRIPTION:</b>	WINTER APPEAL	

## Script - 60-seconds

**SFX:** *Shivering / Chattering teeth for 4-5 seconds.*

VO: I've been in this freezer for over an hour.

And hearing me...

**SFX:** Shivering. Teeth chattering. pause.

VO: Hearing me freeze...

**SFX:** Shivering

Hearing me freeze is causing your...

own body temperature...

**SFX:** Shivering / Chattering teeth.

to drop by up to 1-degree.

It's called temperature contagion.

**SFX:** Shivering

VO: An involuntary reaction that helps humans empathise when others are freezing.

9000 West Australian homeless people are about to suffer though cold winter nights far worse than this. So if you're still feeling empathetic,

Donate to the Anglicare winter appeal.
