

Title Valentine's Day - Big Spoon

SFX: Clearing throat. Paper rustle.

MVO I like the way you let me be the big spoon in bed.
And that time you made me breakfast. That was nice.
I like helping you hang out the washing.
You're also really pleasant to be around, which is good.
You smell nice. Kind of like that really fancy soap we've got in the
bathroom.

Title Valentine's Day - One And Only

SFX: Clearing throat. Paper rustle.

MVO
Your eyes are open.
Your hair is growing slowly.
Your lips are talking.
You are the reason I have to buy a Valentine's card.
Without you, who's going to make the bed?
You are my one and only girlfriend.
Because you are simply there.

Title Valentine's Day - Rest In Peace

SFX: Clearing throat. Paper rustle.

MVO: Sarah, after fifteen years I still love every little bit of you.
Even after having kids, you're body doesn't look too bad..
Your eyes are a stunning blue.
As blue as the Toilet Duck in our bathroom.
Your skin is soft and smooth... as smooth as your Dad's bald head.
May he rest in peace...
