

“I FANCY YOU”

Man:

Um hi I don't know if you remember me but we actually catch the train together I mean we catch the same train we obviously don't catch it together otherwise I wouldn't need to introduce myself anyway I've been seeing you for over a year now well seeing you on the train not as in dating per se actually scrap per se because it's nothing at all like dating but speaking of dating are you dating anyone because you know I'd um really love to date someone namely you not that I actually know your name...

“I'M SORRY”

Howard:

Mr Speaker, I think it's time I said I'm ssss.... sincerely regretful about what has taken place... I mean, it was a terrible page in our nation's history and I'm ssss... certain that we will endeavour to ensure the same mistakes are not repeated. So, on behalf of this nation, it is only right for me to say that I'm [cough], excuse me, er, Mister Speaker, now...

"I MISS YOU - RAP"

Rapper:

Bang!
My heart sang!
The phone rang!
And I heard your voice!

It was in my head!
Wish I was dead!
Got back into bed!
Not feeling very noice!

All reminds me of you!
Makes me feel blue!
Seeing in a menu!
Your favourite - Tuna Niçoise!

If you've left me for Chuck!
Then I feel like a [beep]!
But life will look up!
Cos I can still hang with my boys!
