Job Description HotelsCombined – radio

- SPAM

SFX: Computer sounds of keyboards being tapped and a mouse being clicked.

VO:

When you're done...

Trawling for hotel deals.

And opening multiple tabs

Including that pop up with the amazing hotel deal that's way too good to be true and you're dubious but you click on it anyway and just like that, you're in Spam Town.

Ooh look, miracle superfoods that melt fat in seconds. Homeless man buys a Ferrari with this clever trick.

When you've taken the test to see if your cat is a racist, there it is, right on cue, the spinning rainbow wheel of death.

After getting a virus alert that your credit card details may have been compromised and once you've held down Control. Command. Delete. Or is it Control. Command.

Escape? Your internet browser unexpectedly quits.

And when you've restarted your computer...
