

Client: PTV

Product: 10-minute Train Frequency

Title: 'Fast Conversation' v4

Length: 30

Key Number: MPTV0241

Date: 13 JULY 2015

SFX: We're standing on a train platform. Two mates strike up a conversation while they wait for the train. They talk extremely fast to each other, and there are no gaps between each other's responses.

Bill: Bill.

Brian: Brian.

Bill: How's things?

Brian: Not bad. Yourself?

Bill: Can't complain. See the game?

Brian: Good game.

Bill: Really good game.

Brian: They gave it a go.

Bill: Did they ever.

Brian: How's the missus?

Bill: Can't complain.

Brian: Not that you would.

Bill: Haha.

Brian: Haha.

Brian: Much on for the weekend?

Brian: Seeing the in-laws.

Bill: Just your luck.

Brian: Tell me about it.

Bill: I would mate, but the train's here.

SFX: A train approaches.

VO 1: Just turn up and go, with trains departing every 10 minutes on the Frankston line and between Dandenong and the city every day. To plan your travel visit ptv.vic.gov.au
