MVO:

This is an important announcement from Thirsty Camel Bottleshops.
According to Mayan experts,
the world ends tomorrow.

An exact time wasn't specified.
Nor do we know if they factored in daylight savings.
But tomorrow, is global annihilation.

So here at Thirsty Camel
We ask you to drink responsibly tonight.
Because, the fact that you won't wake up feeling poorly tomorrow,
is no excuse
Thank you for your patronage at Thirsty Camel,
And keep humpin' until the very end.
